

Montana History Live !

Bannack Living History Week is made possible by a partnership between Montana FWP and Montana History Live, Inc., a Montana non-profit organization who's mission is -

"To promote history education in people of all ages through accurate Living History events, public speaking, and gallery events".

Montana History Live founders, Mark and Sharon Brown, have a long and extensive background in establishing living history events throughout the United States.

Bannack Living History Week

September 15 - 18, 2016
Bannack State Park
Montana

1862—Gold is discovered in Montana Territory. Word travels fast and the town of Bannack rises from the banks of Grasshopper Creek. Wild and untamed, it harbors the likes of infamous Sheriff, Henry Plummer and his gang of road agents. Home to wayfarers, immigrants, missionaries and families, Bannack carved its way into the history of the West.

Meticulously maintained by the State of Montana, Bannack has over 50 original buildings on site. In September of each year, Bannack Living History Week recreates what it was like to live in Bannack during the Gold Rush. Observe a working mining claim, blacksmithing, livery, mercantile and the occupants of a boom town.

Bannack Living History Week is unique and thought-provoking.

A great event for school age children or adults.
